English proficiency: exploring future outlooks, and to what extent expected covariate-based trends occur across Italian regions and the EU - **Technical report**

This report will describe, explore, and assess each dataset used for the visualisation project. There will be one section per visualisation.

Education First English Proficiency Index (EF EPI) - Italy and Europe

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

EU Regional Competitiveness Index 2.0 - 2022 edition

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

EU Social Progress Index 2.0 - 2024 edition

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

Subnational Human Development Index (v10.2)

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

Erasmus+ Mobility Raw Data

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

Eurostat data: “Internet use by individuals” and “Pupils by education level and modern foreign language studied - absolute numbers and % of pupils by language studied”

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

INVALSI-tested English-teaching quality (2024-2025)

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]

Ministero dell'Istruzione e del Merito (Pupil numbers and teacher numbers)

Dataset origin, structure, variables, and metadata

[Insert text.]

Descriptive statistics and initial insights

[Insert text.]

Identification of missing data, noise, bias, inconsistencies, or limitations

[Insert text.]
